

SUNSTRUCTURE GENNIUS

The Gennius is a unique concept in retractable awning systems that can protect you from wind and rain. The Gennius combines the beauty of a pergola with the flexibility of a retractable awning, and the warmth and comfort of a room addition. The Gennius can cover a small deck, a large patio, or a huge pavilion.

SPECIAL FEATURES AND BENEFITS INCLUDE:

- Rainproof Retractable Roof System
- Integrated and Optional Rainwater Management Features
- 3 Ply PVC Fabric Blocks 100% of UV Light, Eliminates Shadow Lines of Droppings and Debris
- Width Dimensions up to 42'8" in a Single Unit, Virtually Unlimited with Multiple Units
- Projection Dimensions up to 26', and beyond
- Manual or Motorized Operation.
- Remote Control Options
- Optional Zip Screens or Zip Curtains with Clear Vinyl Windows
- Integrated Lighting and Audio Systems Available.

SUNCASSETTE CARINA

The Carina is designed for durability and longevity. Relax knowing you are under the finest built cassette featured awning under the sun. The specially designed hood encapsulates the entire fabric body to give a stylish look that protects the fabric cover from nature's aging process when retracted.

SPECIAL FEATURES AND BENEFITS INCLUDE:

- Semi-cassette style hood that entirely protects the fabric in the retracted position
- Low profile design allows for more mounting opportunities
- Unique cross arm option allows longer projections in narrow widths
- Designed for heavy-duty performance and durability
- Available up to 21' wide with wall or roof mounted applications
- The enclosure is made of rugged polyester powder-coated 6061 T6 aluminum
- Available in four weather resistant powder coated finishes
- Teflon® coated bushings with stainless steel pins keep unit quiet and maintenance free
- Assembled with TÜV registered components
